May we apply for a Levitt AMP [Your City] Grant Award to expand or enhance an already existing concert series in our community?

Yes. However, the entire concert series must be called the Levitt AMP [Your City] Music Series, it must meet all of the [Levitt AMP Eligibility Criteria](#) and it must comply with the [Levitt AMP Official Rules](#).

You can choose whether you would like to apply separately or together, however it is important to note that an entity can only be affiliated with one Levitt AMP application either as a primary organization or as a partner. For example, if your local chamber of commerce has agreed to partner with another organization in your community that is also applying, it cannot partner with your organization as well. Also, an organization cannot apply as a primary applicant on one application and as a partner on another application.

No. The primary contact will be the individual receiving communications from the Levitt Foundation about the Levitt AMP [Your City] Grant Awards and your application. This individual should be actively engaged with your Levitt AMP Music Series and committed to receiving and sharing these communications with those involved with your concert series.

FINANCE

The total Levitt AMP Grant Award will be disbursed in three payments upon the Levitt Foundation's receipt of specific deliverables as outlined in the Levitt AMP Grant Agreement: 25% will be disbursed 10 weeks prior to the launch of your Levitt AMP Music Series; 50% will be disbursed six weeks before the launch of your concert series; and the final 25% will be disbursed upon completion of your concert series and submission of the final report (the report form will be provided by the Levitt Foundation).

Can a Levitt AMP [Your City] Grant Award be used to purchase sound and lighting equipment?

No. A Levitt AMP Grant Award may not be used to purchase permanent equipment of any kind for your organization or for your partner(s).

Our organization is going through a capital campaign, specifically to build a performance venue. Can a Levitt AMP [Your City] Grant Award go towards our capital campaign?

No. A Levitt AMP Grant Award may not go towards a capital campaign. All funds received in support of your Levitt AMP [Your City] Music Series, including Levitt AMP grant funds, must be used to produce and promote the concert series and related pre- and post-concert audience activities.

Does Levitt Foundation cover ASCAP/BMI/SESAC fees for Levitt AMP [Your City] Grant Award recipients?

No. Levitt AMP grant recipients are responsible for directly paying performance rights fees for their own Levitt AMP Music Series. This expense is a required line item in your Levitt AMP Budget. You are encouraged to speak with the entity that

manages the site where your concert series will take place to see if your series can be covered under an existing license; if so, the portion of the cost of the existing license applicable to your Levitt AMP Music Series should be reflected in your Levitt AMP Budget as in-kind.

Can volunteer hours count towards in-kind matching funds?

Volunteer hours can only be counted as in-kind if the hours are for a pro bono service that your organization would otherwise pay for with cash funds. For example, a graphic designer who is donating time to design Levitt AMP [Your City] Music Series flyers or a sound technician who is donating time to set up and run the sound system for each concert. Hourly rates should be determined at fair market value. It is anticipated that on-site volunteers will be part of producing your Levitt AMP concert series—standard volunteer tasks such as distributing flyers, setting up an information booth, helping with post-concert clean-up, etc. are not considered pro bono services and therefore would not count towards in-kind matching funds.

If my organization is not charged to use the public space where our Levitt AMP [Your City] Music Series will take place, can use of that public space count towards in-kind matching funds?

If the entity that owns or manages the public space typically charges a fee for use of that space, and your organization will not be required to pay that fee, then the amount of that fee can count as an in-kind contribution. However, if the fee is typically waived for nonprofits that use the space, it would not count as an in-kind contribution.

What percentage of matching funds in our Levitt AMP [Your City] Music Series budget may be in-kind?

Of the \$25,000 minimum of matching funds required, up to 50% may be in-kind contributions and the rest must be cash donations, sponsorships and/or grants. If at least \$12,500 in cash matching funds is secured, there is not a limit to the amount of in-kind contributions that can be raised in support of your Levitt AMP Music Series.

What is an in-kind contribution?

In-kind contributions are goods and services that are donated to a project by individuals or entities other than the producing organization. The dollar value of these non-cash donations should be calculated at fair market value and included in your project budget as in-kind. In-kind contributions are often donated space, supplies, equipment, professional services, etc.

Can a portion of staff member salaries be included in our Levitt AMP [Your City] Music Series budget?

Yes. You may prorate staff member salaries based on the number of hours anticipated that they will spend working on your Levitt AMP Music Series and include that amount on the personnel (non-production) expense line item of your Levitt AMP budget.

Can fees or sales generated from on-site vendors, such as food and beverage vendors and local artisans, count towards cash matching funds?

Revenue generated from vendor fees or on-site vendor sales during your Levitt AMP Music Series may count towards your cash matching funds requirement and should be indicated by selecting “pending” on the Levitt AMP Budget Form of your application. However, it is important to note that revenue generated from vendor fees may be nominal and the total revenue generated from on-site vendor sales will be unknown until the completion of your concert series. Therefore, a budget that includes a significant portion of cash matching funds from a vendor source(s) will not be a competitive Levitt AMP application.

What if our organization receives a Levitt AMP [Your City] Grant Award and raises more than \$25,000 in matching funds?

The Levitt Foundation will award \$25,000 in matching funds to each Levitt AMP grant recipient. If your organization raises more than \$25,000, the funds raised from grants, sponsorships and donations must be used towards producing your Levitt AMP [Your City] Music Series and to enhance the series by developing audience engagement activities before or after the concerts, increasing the number of free concerts presented, providing additional hospitality to performers and volunteers, expanding marketing and outreach efforts, etc. Income earned on-site—including vendor fees, food and beverage sales, and individual donations received at the concerts—are not required to be used towards your Levitt AMP Music Series. All funds raised and contributions received in support of your concert series, as well as all income earned on-site during your concert series, must be reported in the Final Finance Report.

What happens if my organization receives a Levitt AMP [Your City] Grant Award, but we secure less in matching funds than proposed in our application?

Levitt AMP is a dollar for dollar \$25,000 matching grant award, so your organization will receive grant funds equivalent to the amount you raise locally. Levitt AMP grant funds will only be awarded upon proof of matching funds. The minimum amount an organization must raise in matching funds is \$25,000, of which up to \$12,500 may be in-kind contributions. It is required that a minimum of 10 free Levitt AMP concerts be presented. If your organization is unable to present the minimum 10 concerts

because it has not raised sufficient funds locally, your Levitt AMP grant funds will be forfeited.

Must all of our matching funds be secured before submitting our application?

No. As part of your application, you are asked to indicate source, dollar amount, and level of commitment for all matching funds on the Levitt AMP Budget Form. Level of commitment for each matching funds source should be indicated by selecting “secured,” “pending,” or “not yet approached” on the dropdown menu. Competitive applications will display high levels of commitment for matching funds. If you receive a Levitt AMP Grant Award, all matching funds, whether cash or in-kind, must be secured prior to the first grant disbursement which is scheduled for 10 weeks prior to the launch of your Levitt AMP Music Series.

Is there a minimum amount that must be raised as matching funds?

Yes. The minimum amount an organization must raise in matching funds is \$25,000, of which at least \$12,500 must be cash and the remainder may be in-kind contributions.

Can we charge a suggested donation at the concerts to help with the costs of producing our Levitt AMP [Your City] Music Series?

No. Your organization cannot charge or suggest a specific dollar amount donation at Levitt AMP concerts. Every audience member should feel welcome at a Levitt concert regardless of ability to pay. The opportunity to donate may be presented, however no one should be made to feel that they are obligated to give. Donations received on-site during your concert series may, though are not required to, be used towards your Levitt AMP Music Series. All on-site donations received during your concert series must be reported in the Final Finance Report.

If a musician or band offers to donate their performance, may we accept their offer?

No. All performers must be of professional status and compensated for their performance, even if they offer to donate their time and services. The Levitt Foundation is a musician-friendly organization and believes that artists should be compensated for their performances. Even though audience members are offered free access to high quality shows, performers are always paid to perform on a Levitt stage.

PARTNERS

Can my organization apply on its own or are we required to have a partner?

Your organization can absolutely apply without a partner if you determine that you have the sufficient resources to produce a high-quality Levitt AMP [Your City] Music Series. Although not required, a partner organization(s) may bring more resources

that can be leveraged to increase the overall impact of your concert series in your community.

What is the difference between a letter of commitment from a partner and letters of support?

If your organization is partnering with another organization or individual to produce your Levitt AMP [Your City] Music Series, a letter of commitment from each partner is required; each letter should detail the partner's role in producing your concert series—refer to the application instructions for additional information regarding format. Letters of support are optional; these letters can be from various individuals and organizations in your community, expressing how the Levitt AMP Music Series will impact your town or city and why the free concert series is needed in your community.

How many partners are allowed?

Your organization may partner with up to five separate not-for-profit entities to produce your Levitt AMP [Your City] Music Series. Entities may include municipalities, schools, universities, 501(c)(3) nonprofits, chambers of commerce, professional associations, etc. Your organization may also partner with an individual who will be integrally involved in producing your concert series as an independent contractor or consultant, though not someone who is a staff member of either the primary organization or a partner organization.

What is the difference between a partner and a sponsor?

A sponsor provides only cash or in-kind support for your Levitt AMP [Your City] Music Series. A partner is integrally involved in producing or promoting your Levitt AMP Music Series and plays an active role in making the concert series a success, beyond providing cash or in-kind support. For example, a partner may coordinate outreach efforts to engage specific audiences, take the lead on booking talent, or help secure sponsorships.

Can an individual be a partner?

Yes. A partner may be an individual who will be integrally involved in producing your Levitt AMP [Your City] Music Series as an independent contractor or consultant. This individual cannot be a staff member of either the primary organization or a partner organization.

What types of organizations qualify to be a partner organization?

Any not-for-profit entity qualifies to be a partner organization, such as municipalities, schools, universities, 501(c)(3) nonprofits, chambers of commerce, professional associations, etc. Your organization may also partner with an individual who will be integrally involved in producing your Levitt AMP [Your City] Music Series

as an independent contractor or consultant, though not someone who is a staff member of either the primary organization or a partner organization.

Yes. Your Levitt AMP Music Series may take place on a college campus as long as the space is outdoors and open to all community members.

What if it rains or there is threatening weather when a Levitt AMP concert is scheduled to take place?

If it is raining or there is threatening weather when a Levitt AMP concert is scheduled to take place, you may move the concert to an indoor location. Can our Levitt AMP [Your City] Music Series be held indoors?

No. All Levitt AMP Music Series must take place outdoors. Outdoor concerts in open lawn settings foster social interactions among people of all ages and backgrounds, which is central to the Levitt Foundation's mission of strengthening the social fabric of America.

How does the Levitt Foundation define a "lawn-like" setting?

A lawn-like setting is an open space that does not have permanent or fixed seating. While a space may have minimal seating such as park benches along pathways, the majority of the space must be open and conducive to people sitting on picnic blankets and lawn chairs, so that they may easily interact with one another and have a "360" experience, meaning they are able to connect with those in front of, behind, and to each side of where they are sitting. A lawn-like setting allows people to get up and dance freely and children to run freely. While some communities may not have an open and expansive lawn available for their Levitt AMP [Your City] Music Series, a "360" audience experience must be created. A proposed space that only allows for standing and does not allow people to comfortably sit on picnic blankets and lawn chairs will not be a competitive Levitt AMP application.

Is there a minimum size or attendance capacity for the site of our Levitt AMP [Your City] Music Series?

No. The selected public space where your Levitt AMP Music Series will take place should be reflective of 1) your town or city's population size and 2) the average number of people, adults and children, anticipated to attend each concert.

Are all the concerts of our Levitt AMP [Your City] Music Series required to take place at the same location?

Yes. Reflecting Levitt's mission to transform underused public spaces into welcoming and thriving destinations, all 10 concerts of your Levitt AMP [Your City] Music Series are required to take place at the same location throughout the 10 to 12-week period. The impact of creative placemaking and developing meaningful third spaces in communities stems from consistent use of a public space over a period of time.

What if the proposed site is privately owned?

A privately-owned site may be considered as the location for your Levitt AMP Music Series if it is open to the public on a daily basis and only closed for limited nighttime hours. In Section 3 of the application, you should describe why this proposed site is the best location for your Levitt AMP Music Series.

What does the Levitt Foundation consider to be a public site for the purpose of this grant?

The Levitt Foundation considers a public site to be an outdoor location, owned by a public entity—usually a municipality—that is open to the public on a daily basis and only closed for limited nighttime hours.

Please contact us at amp@levitt.org before the end of the online voting period and we will troubleshoot the specific issue you are experiencing. In your email, please provide as much detail as possible including your name, method of logging-in (username and password, Facebook, or Twitter), a description of the issue you are experiencing, and a contact phone number where you can be reached. Because there are varying email providers, web browsers, and online security systems (such as firewalls, anti-virus, ad-blockers, etc.), it is not always possible to avoid log-in or voting issues, though the Levitt Foundation will provide assistance to anyone who has registered to vote and has contacted us to ensure that your issue is addressed and that your vote is cast for your favorite Levitt AMP proposals.
